

Product: Resco Series 7000	Product Code: S-7000
Series 7000 Cubicle: Updated May 2014	

Series 7000 cubicle system

The Series 7000 stands out with its bold lines and strong design. Often used in schools and public toilets, the Series 7000 is perfectly suited for high use areas combining the benefits of Compact Laminate and aluminum.

The Series 7000 cubicle system has a strong, bold head rail supported by aluminum-rebated stiles on each side of the door, making an extremely sturdy and robust product designed for high traffic and continued public use.

Minimal dirt traps ensures cubicles are easily cleaned, with self-opening and self-closing doors.

Recommended for

Public toilets

Schools

Sport & recreational areas

Shopping centres

Prisons and correctional facilities

Youth centres

Community clubs

Camping & caravan sites,
Camping grounds

Offices

Hotel complexes

Features

- Compact Laminate panels provides solutions for both toilet and shower situations
- Available in Resco Antibac panels that kills bacteria for the lifetime of the panel
- New Zealand's largest range of colour and finishes
- Custom made cubicles
- Easy to clean and low maintenance
- Most cost-effective system
- Available in toilet and shower cubicles
- Robust easy clean design
- Wool-pile lined door stiles soften the closing of doors.

Standard materials and manufacture

- 13mm Compact Laminate options:
 - Resco Antibac Compact Laminate panels
 - Laminex Compact Laminate panels

- Robust head rail, supported by rebated aluminium stiles either side of the doors.
- Brushed silver satin indicator bolt
- Chrome plated coat hook and door-stop
- Stainless steel self-opening gravity hinges
- Standard cubicles are recommended in an open-in door option

Edge treatment

No edging is required as Compact Laminate is a finished product, a simple furniture oil enhances the black edge.

Options

- Shower seats and brackets
- Privacy and modesty screens to match your colour choice
- Sliding doors for accessible cubicles
- Diverse layouts including wall to wall, return cubicle or tailored to suit

Colours

Panel Colours

Series 5000 Cubicles are available in:

- Resco AntiBac range**
 - 12 stock colours
 - 20 accent colours – (12 week lead time)

- Laminex range**
 - 16 colours

Advanced cubicle systems

Dimensions

As cubicles are custom made to your measurements, depths and widths can be varied to suit, while complying with the NZ building code.

The Series 7000 standard dimensions are:

- Height 2010mm with 160mm floor clearance
- Depth 1600mm- 1800mm (1900mm for accessible)
- Standard cubicles are recommended in an open-in door option
- Standard cubicle doors are 610mm (opening is 585mm)
- Accessible cubicle doors are 810mm (opening is 785mm)
- Sliding doors are also available

Durability and maintenance

- Compact Laminate panels equal an extended life.
- Resco AntiBac panel kills bacteria for the lifetime of the panel.
- Being a tough, durable product it is perfect for high traffic locations, and because it is impervious to water it is ideal in wet areas.
- Easily cleaned with a mild detergent.
- 10-year guarantee on panel integrity and 2 years on hardware.

Lead time

If panel is in stock, once dimensions are confirmed, lead time can be as fast as a few days.

If accent colour range, this is ordered in and has a 12 week lead time.

Contact our team for accurate lead times.

Installation

Resco has an installation service available, or customers can install themselves as Resco cubicles come as a kitset delivered to site, which includes installation manuals and hardware.

Drawings show cubicles between walls, other configurations are available.
