| Series 5000 Product guide: Updated May 2015 | |

Series 5000 cubicle system

The Series 5000 cubicle system is based around a simple clean looking design, which easily blends in with any room.

Resco's most cost effective system, the Series 5000 retains all the strength and durability of any of our Compact Laminate products. With uncluttered lines and rebated doors this is a functional, practical, economical solution for many areas.

Minimal dirt traps ensures cubicles are easily cleaned, with the option of self-opening or self-closing doors (hinges).

Recommended for

- Public areas
- Schools
- Sport and recreational areas
- Shopping centres
- Community clubs
- Camping and caravan sites
- Campgrounds
- Offices
- Hotels

Features

- Compact Laminate panels provide solutions for both toilet and shower situations
- Available in Resco AntiBac panels that kills bacteria for the lifetime of the panel
- New Zealand's largest range of Compact Laminate colours and finishes
- Custom made cubicles
- Easy to clean and low maintenance
- Most cost effective system
- Available in toilet and shower cubicles.

Standard materials and manufacture

- 13mm Compact Laminate options:
 - Resco AntiBac Compact Laminate panels
 - Laminex Compact Laminate panels
- Height adjustable pedestals
- Optimising privacy with flush in-line doors and rebated edges
- Standard cubicles are recommended in an open-in door option.

Edge treatment

No edging is required as Compact Laminate is a finished product; a simple furniture oil enhances the black edge.

Options

- Shower seats and brackets
- Privacy and modesty screens to match your colour choice
- Sliding doors for accessible cubicles
- Stainless steel self-opening or self-closing hinges
- Diverse layouts including wall to wall, return cubicle or tailored to suit.

Colours

Panel Colours

Series 5000 Cubicles are available in:

Resco AntiBac range
12 Stock colours
20 Designer colours –
(12 week lead time)

Laminex range
16 colours

For colours go to:

Installation

Resco has an installation service available, or customers can install themselves as Resco cubicles come as a kitset delivered to site. Kitset includes installation manuals and hardware.

Durability and maintenance

- Compact Laminate panels equal an extended life.
- Resco AntiBac panel kills bacteria for the lifetime of the panel.
- Being a tough, durable product it is perfect for high traffic locations, and because it is impervious to water, it is ideal in wet areas.
- Easily cleaned with a mild detergent.
- 10-year guarantee on panel integrity and 2 years on hardware.
