

Series 5000F

Standard Full Height Cubicle Systems

PRODUCT GUIDE

Linton Military Camp

Series 5000 **FF**

Standard Full Height Cubicle Systems

The Full Height 5000 cubicle system is an upscaled version of NZ's most popular Series 5000 system. It can go from the floor to the Ceiling or at any height in between. It retains its classic series 5000 clean looking design, with Pelmet above the door this system easily blends in with any room, and like all Resco products has guaranteed longevity ensuring absolute cost-effectiveness.

The Full Height 5000 retains all the strength and durability of any of our Compact Laminate products. With uncluttered lines and rebated doors this is a functional, practical and economical solution for most areas. Often used for shared Male and Female cubicles this is a good solution. Ideal ablution areas have our Metlam washroom, Multicom on the wall linings. In combination with a good flooring, this means according to our customer feedback – cleaning times are halved!

Recommended for

- Public areas
- Schools
- Sport and recreational areas
- Shopping centres
- Community clubs
- Camping and caravan sites, camp grounds
- Offices
- Hotels

Features

- Compact Laminate panels provide solutions for toilet, shower and any other wet area situations
- Resco Antibac Panels and Antimicrobial Slide lock Hardware components are standard features, exclusive in New Zealand
- All Resco Compact Laminate panels are Antibac, using silver ion antimicrobial technology that continuously destroys harmful bacteria, for the lifetime of the panel
- New Zealand's largest range of Compact Laminate colour and finishes
- New high tech glue fixing option – protects the waterproof membrane of the room
- Custom made cubicles
- Easy to clean (cleaning time notably reduced) and low maintenance.

- Most cost effective and popular New Zealand system
- Certified Greenguard Gold, complies with GreenStar & Living Building challenge

Standard Materials and Manufacture

- 13mm Resco Antibac Compact Laminate panels
- Height adjustable glue-fixed pedestals (if required) and wall channels
- Optimised privacy with flush in-line doors and rebated edges

Edge Treatment

- No edging is required as Compact Laminate is a finished product; simple furniture oil enhances the black edge.
- Resco Antibac Panel will not delaminate

Options

- Shower seats and brackets
- Privacy and modesty screens to match your colour choice
- Sliding doors for accessible cubicles
- Diverse layouts including wall to wall, return cubicle or tailored to suit
- Woodgrain panels, Metallic panels and Primary colour panels

Colours

Panel Colours

Resco has New Zealand's biggest colour range. For a full list go to: www.resco.co.nz/colours

Aluminium colours

The Full Height 5000 aluminium extrusions are available in any of the Interpon powder coating colour range. Our standard colour is Silver Pearl.

For a full list go to:

www.resco.co.nz/colours

See the website or call for colour options and samples.

Dimensions

As cubicles are custom made to your measurements, depths and widths can be varied to suit, while complying with the NZ building code.

The Series 5000-FH (full height) standard dimensions are:

- Height is 2400mm with the option of 160mm floor clearance or to the floor
- Depth 1600mm-1900mm (1900mm for accessible)
- Standard cubicles are recommended in an open-in door option
- Standard cubicle doors are 610mm (opening is 596mm)
- Accessible cubicle doors are 810mm (opening is 796mm)
- Sliding doors are also available

Durability and Maintenance

- Our Compact Laminate panels ensure an extended life and minimal maintenance
- Resco Antibac panel and Antimicrobial hardware surfaces kill bacteria, viruses and fungi for the lifetime of the product
- Tough and durable, Resco products are perfect for high use environments, and because our panel is impervious to water it is ideal in wet areas.
- Superb ease of cleaning and can even be hosed
- 10-year guarantee on panel integrity and 2 years on hardware

Lead Time

If your panels are in stock, once dimensions are confirmed, lead time can be as fast as a few days. If you choose the Designer colour range, this is ordered in and has a 12 week lead time.

Contact our team for accurate lead times.

Installation

Resco has an installation service available, or customers can install themselves as Resco cubicles come as a kitset delivered to site. Kitset includes easy to follow installation manuals and hardware.
